

Wal-Mart Scavenger Hunt

Please do not destroy anything in the process of this scavenger hunt. Also, remember that we are in a public place so try not to be too loud. Finally, there is a time limit of ____ hours

1. Get a picture of something that will represent your teams mascot
(This is the only required one)
2. Get a picture of a food item that no one in your group has ever eaten.
3. Get a picture of something that fits this description, "Most people buy this approximately once a month"
4. Get a picture of a food item that everyone in your group has eaten (in one form or another) in the last month. For example soda wouldn't work but if everyone has had diet coke then that would. Or if everyone has had Mac-n-Cheese then brand doesn't matter. Extra points for oddness. Try to be as specific as possible.
5. Get a picture of everyone in your group staging a battle scene. (Think Nerf)
6. Get a picture of a defective product. (Extra credit if you get a pic turning it in)
7. Get a picture of a book everyone has read. (Don't count the Bible unless you've all got the same exact Bible and Wal-Mart happens to have it)
8. Get a picture with everyone in the group wearing the same article of clothing. (Like everyone with the same hat)
9. Try to put a Wal-Mart sticker on a member of another group without them knowing.
10. Get a picture of something that fits this description, "Most people use this daily"
11. Try to get a pic of something odd but strangely fitting. Like a computer mouse in a cat's toy section.
12. Get a stranger to take a picture of your entire group sitting on the same piece of furniture.
13. Get a picture of three things that fit this description, "This can be used to lose weight"
14. Get a picture of everyone in your group with a Wal-Mart greeter.
15. Find a toy that the majority of your group had has a child. It can be a newer version of the same thing.
16. Get a picture of a price check station after having scanned a clearance item.
17. Get a picture of the most expensive piece of jewelry in the store. If possible, try to have the price in the shot.
18. Find a food item everyone in the group doesn't like. It doesn't have to be a strong hate though.
19. Get a picture of something that meets this description, "It used to swim in water. Now it doesn't."
20. If everyone in your group is comfortable with it, find a stranger to pray for and if they are comfortable get a picture. Don't just pick someone though; see if the Spirit highlights someone.
21. Get a picture of something that fits this description, "It smells good when it burns."
22. Get a picture of a DVD of something everyone has seen and not liked.
23. Get a picture of something that fits this description, "A tool that has multiple uses."
24. Get a picture of something that would be only used outside.
25. Get a picture of a Wal-Mart employee cleaning something. (Don't make a mess just so they have to clean it)
